

## FOB DEFINITION - SHIPPING TERMS OF SALE

FOB, **Free On Board**, is a transportation term that indicates that the price for goods includes delivery at the seller's expense to a specified point and no further. The FOB term is used with an identified physical location to determine 1) the responsibility and basis for **payment of freight charges**, and 2) the point at which **title** for the shipment passes from seller to buyer.

The FOB location terms, **Origin** and **Destination**, may be qualified by modifiers. The modifier determines the payment of the transportation charges. Modifiers denote nothing about the title of the goods or filing of claims. The most three common modifiers are: **Collect**, **Prepaid & Add**, and **Prepaid & Allow**.

<b>Collect</b>	The carrier collects the transportation charges from the buyer.
<b>Prepaid &amp; Add</b>	The seller prepays the transportation charges, but adds the charges to the invoice for reimbursement from the buyer.
<b>Prepaid &amp; Allow</b>	The seller prepays the transportation charges and they are already included in the contract price.

### TITLE & CONTROL OF GOODS

#### **FOB ORIGIN**

The buyer assumes title and control of the goods the moment the carrier signs the bill of lading. The buyer assumes risk of transportation and is entitled to route the shipment. The buyer is responsible for filing claims for loss or damage.

#### **FOB DESTINATION**

The seller retains title and control of goods until they are delivered and the contract of carriage has been completed. The seller selects the carrier and is responsible for the risk of transportation. The seller is responsible for filing claims for loss or damage.
